**FIREWORKS  
HIGHLIGHT**

A breathtaking fireworks display will again be the highlight of the Hornsby North Primary School fete on Saturday, June 13.

The display will round off a five-hour programme being planned by the school's P and C Association.

Association spokesman, Mr. John Jones, said the event was more than a fete.

"It is a carnival, barbecue and fireworks display by which we raise funds for school equipment.

"We served 1000 barbecue meals last year, and we hope to lift this to 1200 or 1500 this year," he said.

The barbecue meal is included in the price of admission to the fete, which runs from 3-8 p.m.

The fireworks display, by Howard and Sons of Box Hill, will equal the spectacle of the Royal Easter Show and Bi-Centenary harbour events.

The build up in the press.

As big as the Royal Easter show!

# PREPARING FOR BIG EVENT

Staff, pupils and members of Hornsby North Public School are making final preparations for their fete this Saturday, June 13.

Deputy principal, Mr. M. McClintock, said the event last year raised \$1000 for

school funds, and organisers aimed to raise \$1200 this year.

Highlight of the fete will be a dazzling display of fireworks to equal the spectacle of the recent Bi-Centenary harbour event.

The display will round off a five-hour programme, beginning at 3 pm.

The fete is really a carnival and barbecue event.

The barbecue meal is included in the price of admission, and the cooks served 1000 meals last year.

There will be stalls, sideshows and a veteran and vintage car rally, organised by the father of one of the teachers, Miss Pam Moss.

Mr. Moss is a veteran car enthusiast, and has arranged for veteran or vintage Cadillacs to appear at the fete.

Mr. McClintock said the P and C Association had spent thousands of dollars on improvements at the school since it opened in 1967.

A new room has been added every year, and funds were used to equip each addition with speakers for the

amplifier system, and general amenities for the pupils.

Three hundred dollars was spent this year on teaching aids in the infants' classes, and the association also provided a tape recorder.

"One of the many aims of the parents is to improve the new library, and this project will be discussed with the principal, Mr. V. Monaghan," Mr. McClintock said.

Right: Fireworks as dazzling as these will thrill crowds at Hornsby North Primary School fete on Saturday.
